

ICIDAE 2022

2022 2nd International Conference on Interactive Design, Architecture
and Engineering

ICIDAE 2022 is organized by Innovative Science and Engineering Research Institute (ISERI), Co-organized by Faculty of Architecture, Warsaw University of Technology and Universidade de Lisboa.

ICIDAE conference held annually to brings together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of interactive design, architecture and engineering.

Publication

All the registered and presented papers will be published into *Materials Science Forum (ISSN web 1662-9752)*, which will be indexed by **Ei Compendex, Scopus**, Chemical Abstracts Service (CAS), REAXYS, Chimica, etc.

Topics:

- * Architectural façadism and envelope engineering
- * Architectural parametric design exploitation
- * Architectural structure, energy efficiency
- * Building's acoustics modeling metrics
- * Building's autonomous maintenance
- * Building's dynamic coatings and claddings
- * Building's new materials and structural design, energy performance
- * Building's health and wellbeing
- * Building's intelligent agents
